

Health Care Services

Care and services that honor and respect your choices

At Sterling Presbyterian Manor, our goal is to provide an environment that lets residents remain as independent as possible, and to help them make the most out of every moment — physically, socially and spiritually. Here, you will be free to make your own choices, so you can maintain control of your life, while getting the help you need.

Many families have found that trusting us with their loved one helps ensure a better quality of life. For you, that means easing your family's minds while enjoying the support you need to thrive.

Professional care with a compassionate touch

Our caring staff often becomes an extension of each resident's family, providing friendly, personal attention and building lasting relationships that help our residents feel at home. With support, residents have the opportunity to pursue their interests to the extent their abilities allow.

A place to feel at home

Our health care center provides many amenities for an enhanced quality of life. These include a hair salon, chapel, transportation and more.
